## Doorstep Donations Program Specifications

The Doorstep Donations Bag Program is designed to generate a sustainable stream of donations. The program gives students the opportunity to make a lasting impact on their community. The exact details to the program are specified below.

- After the initial meeting with Doorstep Donations, we advise that Headmasters designate a faculty advisor(s) or teacher coordinator(s) to supervise the program.
  - This teacher(s) should support students in the development and maintenance of the Doorstep Donations program. This may include logistical and organizational help.
- The teacher coordinator(s) and/or headmaster will find students who they believe are ready and willing to lead the chapter.
  - We hope to organize a meeting between the students, teacher coordinator(s), and ourselves to ensure that everyone has a clear understanding of the program and their respective roles. Please use this service to create a meeting: [https://calendly.com/ben\\_doorstepdonations](https://calendly.com/ben_doorstepdonations)
  - After the aforementioned meeting, we will send students an agreed upon number of Doorstep Donations reusable bags.
- Students will be given access to a plethora of resources to aid them in the development of their chapter.
  - These materials include pre-written emails/texts, detailed instruction manuals, organizational data sheets, and access to other Doorstep Donations leaders throughout North America.
- We hope to connect with leaders on a bi-weekly (two week) basis. We encourage students to reach out to us via text, phone, and email at any point.
  - We will discuss their progress, advise students on how to continue expanding the program, and address any issues that may arise.

If there are any questions or concerns as to the functionality or viability of the program in your area, don't hesitate to reach out.
